

Name
Emina Zanicic
Project Proposal
Safe Community Areas
Select a Category
Sidewalks and Public Safety
Purpose
More public areas with seating and security. I visited an area of San Mateo next to Fieldwork Brewery and it had various sculptures and tables with seating areas and shade and it looked great, so many people were outside enjoying the areas with children and pets. It also felt very safe and there seemed to be security cameras in the area, which San Jose in general needs more of because there isn't enough police to monitor the whole area. Having safe areas for people to be able to spend time with kids would be great,
Location in District 1
Near Winchester and Payne by Castlemont Elementary
