<b>Project Proposal</b>
Funding for the San Tomas West Community
<b>Select a Category</b>
Youth & Seniors
<b>Purpose</b>
The San Tomas West Community , formerly known as the STWNA is being revived by some community members. From what I understand, the STWNA has been out of operation the last 3 years. I attended the last meeting and realized how helpful and informative it is to have neighborhood associations. I would like to propose a one-time donation of \$5,000 to the organization to help them operate, get set up and be able to host meetings and sponsor/fund neighborhood events. It is important to have an active community and the least we can do is provide them the finances so they are constantly not asking for donations.
<b>Location in District 1</b>
San Tomas West
