| Project Proposal |
| Finish sidewalks in Westgate village |
| Select a Category |
| Sidewalks and Public Safety |
| Purpose |
| A few years ago, some of the sidewalks in the neighborhood were upgraded to have nice gentle ramps going down to the street. However, this was done with no consistency so just on our walk to school with the kids scootering or riding bikes we'd get one nicely done corner followed by an incomplete one. That causes kids to stop, fall off their bike or go in the street at driveways. It would be awesome if someone went around and finished the curbs or did a few more. |
| Location in District 1 |
| Westgate Village, for example at Grandby and Morden |
