**Project Proposal**

Request for neighborhood historic sign - Eichler Homes

**Select a Category**

Arts & Culture

**Purpose**

The proposed historic sign would be placed near Mossbrook Avenue and Student lane to capture the legacy of Joseph Eichler and the "California Modern" type of architecture. The narrative can be captured from Wikipedia or other sources. The idea is to raise awareness of the history in the community. Blade signs on top of the street signs could also be considered. It is all meant to beautify the neighborhood and recognize local history.
