Purpose

Fengxiang Silicon Valley Drama is a no-profit organization under Silicon Valley Community United, they have performed the history story Flying Tiger to the communities in the bay ares, and received a very positive feedback。 We plan to perform another history story Dean Lung, a humble servant to the community this year.

In the prestigious Columbia University, the department of East Asian Studies, there is a post for special studies of Chinese culture and Han teachings called the “Dean Lung Professorship,” which was established and funded by Horace Walpole Carpentier in 1901 to commemorate Dean Lung, his illiterate but noble Chinese servant.

The story have touched a lot of people, we decide to perform it in theater by the end of 2019. We need to rent a theater, make props, have rehearsals, promote the drama to the communities, the budget we apply is \$4000. Thanks

Location in District 1

rehearsals will need to in the calabazas or west valley library, theater will need to rent a theater within D1.
