

**Name**

Doug Sales

**Project Proposal**

improve intersection with stop signs, limited curb parking

**Select a Category**

Sidewalks and Public Safety

**Purpose**

The intersection of Judro Way and Cypress Ave is difficult for drivers exiting Judro Way. Because of curb side parking that is close to the intersection and the lack of a stop sign for Cypress Ave drivers, the intersection is somewhat unsafe. Adding a stop sign for Cypress drivers and limiting the parking curbside on the westside of Cypress (both north and south of Judro) would increase visibility and safety for this intersection.

**Location in District 1**

Intersection of Judro Way and Cypress Ave
